The largest independent retailer group of Mercedes-Benz in the UK

Mercedes-Benz Tyre Safety Campaign.

Are your tyres legal?

Mercedes-Benz

The highest standards of safety.

At Mercedes-Benz, we will always be committed to achieving the highest standards of safety and driver enjoyment. Our tyre programme is a perfect example of this. As a car's only direct contact with the road, affecting performance, road holding and braking, the choice of tyres is of critical importance.

The Mercedes-Benz Safety Campaign offers a competitive one-stop service providing the most advanced technology, both in terms of tyre choice and fitment.

We can recommend a number of tyres and our service centre offers the latest tyre fitment and balancing equipment to ensure that all tyres are fitted to the highest standards by a Mercedes-Benz trained and qualified technician.

The tyres your car needs for peak performance and safety.

Choosing the correct tyres will make a vital difference to your car's performance, optimising handling, braking and cornering.

If you would like to have your tyres checked, contact us now and we'll check them at no cost to you and perform a complimentary vehicle health check while you're here.

Checked your tyres lately?

The legal requirement for minimum tread depth in the UK is 1.6mm. We recommend that tyres should ideally be replaced when the depth reaches 3mm. Use this tread depth guide to check whether your tyres will need replacing in the near future.

Recommended depth - 3mm
Minimum legal depth - 1.6mm

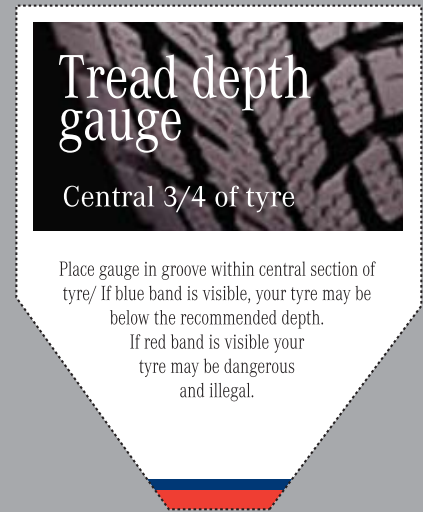

Record your readings here

Near Side Front		Off Side Front		Spare Tyre	
Make	Depth mm	Make	Depth mm	Make	Depth mm
Near Side Rear		Off Side Rear			
Make	Depth mm	Make	Depth mm		

Check the tread depths of your tyres using the handy Tread Depth Gauge opposite, fill in the details above and if they are under the legal requirements call your nearest Mercedes-Benz site and receive complimentary fitting & balancing.

Remember, running on illegal tyres can cost you 3 points on your driving licence and upto a £2500 fine per tyre, so why risk your safety or your licence - call your nearest Mercedes-Benz retailer and take advantage of this special service from your local Mercedes-Benz retailer.

Only original Mercedes-Benz MO branded tyres supplied.
